Summary

International Industrial Exhibition "INNOPROM. Central Asia"

BSUIR took part in the International Industrial Exhibition "INNOPROM. Central Asia" on April 24-26, 2023 in Tashkent, Republic of Uzbekistan.

International Industrial Exhibition "INNOPROM. Central Asia" is a key event of trade and industrial cooperation in Central Asia. Hundreds of companies from Uzbekistan, Russia and Belarus participated in the exhibition. In total, more than 200 exhibitors.

The exhibition presented a set of developments in the field of microwave technologies.

BSUIR stand was visited by Ambassador Extraordinary of the Republic of Belarus to the Republic of Uzbekistan Leonid Marinich, Minister of Higher Education, Science and Innovations of Uzbekistan Ibrohim Abdurakhmanov, Rector of the National University of Uzbekistan Inom Majidov and other dignitaries.

Two protocols of intentions were signed with Tashkent State Technical University and Tashkent Institute of Chemical Technology.

According to the results of the exhibition BSUIR was awarded with a diploma.
