## COMPETITION OF JOINT BELARUSIAN-VIETNAMESE SCIENTIFIC PROJECTS "BRFFR-VAST-2025"

The Belarusian Republican Foundation for Fundamental Research and the Vietnam Academy of Science and Technology announced a competition for joint scientific projects "BRFFR-VAST-2025" in the following priority areas:

- modern materials and composites;
- nanotechnology;
- information technologies, connection and communication;
- laser-optical equipment and technologies;
- energy security;
- environmental safety;
- bio- and medical technologies.

To participate in the competition, each party must submit an application to the appropriate organization: Belarusian participants - to BRFFR before **May 6, 2024**, Vietnamese participants - to VAST (the deadline will be set by VAST).

More about the conditions of the project competition "BRFFR-VAST-2025" for Belarusian participants on the BRFFR [website](#).
