BSUIR and Shandong Women's University Strengthen Strategic Partnership

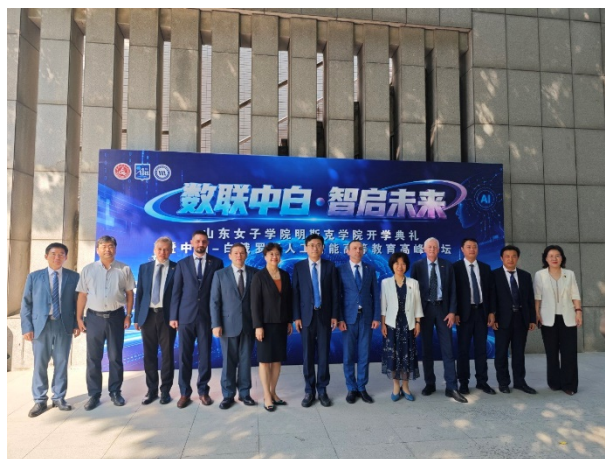

A delegation from the Belarusian State University of Informatics and Radioelectronics (BSUIR), headed by Rector **Vadim Bogush**, paid a two-day working visit to Shandong Women's University in Jinan, People's Republic of China. The delegation also included Vice-Rector for Research and Development **Viktor Stempitsky**, Dean of the Faculty of Information Technologies and Control **Anatoly Navrotsky**, and Head of the Center for promotion of educational services **Andrew Ushkurov**.

One of the key events of the visit was the **opening of the Minsk Institute at Shandong Women's University**, which will offer joint educational programmes with BSUIR in the "4+0" format.

An important part of the programme was the **China-Belarus International Forum on Higher Education in Artificial Intelligence**, co-organised by BSUIR. During the forum, Viktor Stempitsky presented BSUIR key achievements in artificial intelligence technologies, while Anatoly Navrotsky outlined prospects for their development in the Republic of Belarus.

Following the forum, an **agreement to establish a joint laboratory** between BSUIR and Shandong Women's University was signed, and the BSUIR China Office was officially opened.

The international forum programme concluded with a round table of university rectors on the topic "Challenges and Opportunities of Artificial Intelligence for Higher Education".
